SUMMARY

Front-End Developer & QA Enthusiast

Detail-oriented Front-End Developer with 1.5 years of experience in building responsive, scalable, and user-friendly web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Proficient in manual QA testing, including writing test cases, identifying bugs, and ensuring product quality. Strong understanding of UI/UX principles and agile development. Actively seeking a role in either Front-End Development or QA, where I can apply my skills and contribute effectively to delivering high-quality digital solutions. Open to opportunities in either field, depending on the career path that aligns best with my growth.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6)

Frameworks and Libraries: Bootstrap, SASS, Tailwind CSS, React, Ant Design

State Management: Context API

Developer Tools: VS Code, Sublime Text, Dev C++, Notepad++, PhpStorm

Version Control & Tools: Git, GitHub, NPM, Babel, Axios

CMS: WordPress, Elementor

APIs: RESTful APIs

Testing Skills: Manual Testing, Bug Reporting, Writing Test Cases, Cross-browser Testing, Regression Testing, Functional Testing, Usability Testing, Smoke Testing, Integration Testing, User Acceptance Testing (UAT), Performance Testing

Methodologies & Communication: Agile (Scrum), Slack, Jira

EXPERIENCE

Freelancing

March 2025 – Present

Front-End Developer

Remote

- Secured and completed a freelance project through LinkedIn, involving the development of a portfolio website using React and custom styling, along with a testing project to ensure functionality and quality.

Octaloop Technologies

October 2024 – February 2025

Front-End Developer

Islamabad Onsite

- Developed and maintained websites individually and collaboratively, including custom animated websites using React, CSS, SASS, and Tailwind CSS for responsiveness.
- Utilized Ant Design library to create reusable and efficient React components for seamless user interfaces.
- Collaborated with UI/UX designers to translate designs into responsive and user-friendly interfaces.
- Worked closely with backend developers to ensure smooth data flow and functionality.
- Partnered with QA teams to identify and resolve bugs, delivering professional, bug-free websites aligned with Figma design specifications.
- Collaborated with developers using Git for version control, managing branches, resolving conflicts, and merging code seamlessly.
- Ensured all websites were fully responsive across devices and optimized for performance and accessibility.

Atlantis Tech

May 2023 – September 2024

Front-End Developer & Manual Tester

Islamabad Onsite

- Developed and optimized React-based user interfaces with reusable components.
- Enhanced web application performance and scalability across devices using modern technologies.
- Collaborated effectively with teams to design and implement user-centric solutions.
- Performed manual testing to identify and resolve UI/UX bugs, ensuring seamless user experience.
- Wrote detailed test cases and conducted exploratory testing to verify functionality and design.
- Partnered with developers and stakeholders to ensure product quality and timely delivery.

National Vocational and Technical Training Commission (Internship)

August 2022 – January 2023

Front-End Developer

Islamabad

- Created SEO-optimized, responsive websites using HTML, CSS, and JavaScript.
- Built and maintained web pages with WordPress and Elementor, ensuring high user experience.
- Translated UI/UX designs into functional, pixel-perfect layouts with responsive features.

Pakistan Software Export Board (PSEB) (Internship)

Feb 2022 – July 2022

Front-End Developer

Remote

- Converted design files (PSD, XD, Figma) into interactive HTML and React components.

EDUCATION

University Of Wah

Sep 2017 – December 2021

Bachelor of Computer Science

Wah Cantt
